Treasurer's Statement

The State of Maine borrows money by issuing bonds. General Obligation bonds are backed by the full faith and credit of the State and must be submitted statewide to voters for approval.

Once approved, the Treasurer issues bonds as needed to fund the approved bond projects and uses a rapid 10-year repayment of principal strategy to retire the debt.

If the bond proposals on the ballot in June 2017 are approved by the voters, general obligation debt service as a percentage of the State's General Fund, Highway Fund and Revenue Sharing appropriations is expected to be 2.30% in FY17 and 2.78% in FY18.

The following is a summary of general obligation bond debt of the State of Maine as of **12/31/2016**.
